Kentucky STOCK FARM

(BLUE GRASS)

FOR SALE OR LEASE.

I will sell, or lease for a term of years, MEL-ROSE STOCK FARM, the home of the late W. T. Dudley, situated within one mile of Frankfort, Ky., on the Lexington turnpike, and L. and N. Railroad, containing 265 acres, which may be divided into two tracts, one containing 165 acres, with the residence and improvements, and the other 100 acres with one tenement house.

The soil is rich, producing large yields of tobacco, wheat, corn, etc., and there are five never-failing springs of limestone water on the place. The residence is of brick, with ten rooms, located on a commanding eminence and surrounded by forest trees. Improvements include two large stables, two large tobacco barns and other farm buildings all in perfect repair, and a fine orchard of best fruits, now in full bearing. An excellent half-mile track may be made on the place.

This farm has all the requisites for a first-class stock farm, offering special advantages for raising and training horses, the greater part of it being now well set in blue grass. It will take \$20,000 for the whole place, one-quarter cash, balance in one, two and three years, with interest, or will lease for five years at \$2,000 per year.

For further particulars address FRANK CHICKS, Attorney, Frankfort, Ky., or MARY J. DUDLEY, Executrix.

A Liberal Offer.

OFFICE OF THE ELIXIR OF DATES CO.
NEW ORLEANS, LA.

[Northern Branch, Cleveland, O.]

We hereby agree to forfeit One Hundred Dollars (\$100) for any case of habitual constipation, dyspepsia, biliousness, sick headache or piles that Elixir of Dates will not cure.

American Cattlemen.

Some of the Hardships Endured By Them

DEVELOPED BY THE LAST STRIKE.

Our Consul General at London Tells Some Very Plain Facts About Labor Abroad. Various Other Washington Dispatches as Telegraphed from the National Capital.

WASHINGTON, Sept. 25.—The United States consul general at London, John O. New, in a recent dispatch to the state department, calls attention to the peculiar hardships suffered by American cattlemen during the great strike in London.

In connection with the strike, he states: "There is one feature that deserves special mention. It has been the custom for many years for large consignments of cattle to be shipped here in the care of men who are paid a small sum upon reaching this port and are given a pass entitling them to return to a passage on the same vessel, which generally starts upon its return in a week. This pass can be exchanged for its cash equivalent, about 25 cents, the expense of a steerage passage to New York. As the strike prevents the unloading or reloading of these vessels, they cannot return at the time specified and in consequence these cattlemen are left here destitute and unprovided for, unless they sell their passes to provide means of living, and if they do this they have no way of returning to their homes."

They are under no obligations, moral or legal, to assist in the unloading of vessels, and an attempt on their part to do this is attended with danger of serious personal violence at the hands of the strikers. During the past week there have been fully one hundred of these cattlemen at this office asking that I either provide them means of living or compel the steamship companies to do it. My inability to do either has caused considerable trouble and complaint. Mr. Thomas H. Sherman, the consul of the United States at Liverpool, complains that he has been subjected to much trouble on the same account. Some of these cattlemen, I think, are the men who have displayed American flags in the processions of the strikers.

Some of Our Navy.

WASHINGTON, Sept. 25.—The secretary of the navy has ordered that the Pensacola, now at New York, be made ready for sea by October 10 to convey the solar eclipse expedition to St. Paul de Louvo.

The Yorktown, which is also at New York, has been ordered to proceed to West Point by October 2 for the purpose of taking the delegates to the Three Americas congress from that place back to New York. The Despatch, which will carry Frederick Douglass to Fortress Monroe, where he will take the Ossipee for Hayti, has been ordered to Washington at once.

Sent in His Resignation.

WASHINGTON, Sept. 25.—Col. Switzer, of the bureau of statistics, at the request of Secretary Windom, has tendered his resignation to take effect Oct. 15. Col. Switzer was appointed from Missouri in 1885, by President Cleveland.

One More Lucky Man.

WASHINGTON, Sept. 25.—The acting secretary of state has appointed E. W. P. Smith, of Indiana, a special agent of that department, to assist in the entertainment of delegates to Three Americas congress.

A Probable Elopement.

POSTORIA, O., Sept. 25.—Mrs. Ibaugh, a widow, formerly of Columbus, who has been living here for the past year, left the city last Friday night on the southern and Columbus, Hooking Valley and Toledo railroad. C. W. Bates, a prominent real estate agent, hired a man to take him to Alvada, where he boarded the same train, saying that he was going west. As they have been very intimate ever since she has been in the city, it is supposed that they have gone together. Bates leaves a wife and three children. T. P. Bates, his former partner, says that Bates took \$1,000 of his money.

A New Department.

NEW HAVEN, Conn., Sept. 25.—The war department has detailed Lieut. Charles A. L. Totten, Fourth artillery, to report at Yale university where he will be stationed for the next three years, to instruct the students in the scientific department in military engineering. In speaking of this new department, one of the scientific professors said that the scope of the course would depend entirely upon the students themselves. It was not intended to develop a full fledged military school.

Extent of the Johnstown Flood.

JOHNSTOWN, Pa., Sept. 25.—The new directory compiled by O. B. Clark has been placed in the hands of the public. The proof sheets for the directory were ready when the flood swept the valley, and on every page can be seen the fingermarks. Mr. Clark's estimate of the dead is 3,500. Two more bodies were taken from the debris yesterday—one that of a woman in a cellar at Millvale, the other the remains of a child, being picked piece by piece from a pile of refuse by diggers in this city.

Received a Heavy Sentence.

MARSHALL, Mo., Sept. 24.—Clarke Horden, colored, was Monday evening given ninety-nine years in the penitentiary by the jury, for assaulting a colored girl, named Hineher, under the age of 12.

SALE OF A WIFE AND CHILD.

An Italian Disposes of Both for Fifteen Dollars—The Case in Court.

CHICAGO, Sept. 25.—There was a peculiar case before Justice Prindiville yesterday morning. A wife said she was guilty of living with a strange man, but declared that her husband sold her to him for \$10. James Nicolette, a short but good looking Italian, accused his wife Emily of living with Salvatore Lemoir, a dark-skinned son of Italy. Emily is an American, and she had a bright-eyed little girl of perhaps 6 years with her.

The woman said that her husband had tired of her and had sold her and her child for \$10. Salvatore corroborated the statement, and the woman said that she had obeyed James when he told her to live with Salvatore. I do not think I am guilty when my husband orders me to do so.

She said further, that the child was not her husband's as he had sold it for \$5. Nothing was done but the justice referred to the matters, but Lemoir was fined \$30 for carrying concealed weapons.

GREAT RAILROAD SCHEME.

A New and Direct Route From Baltimore to Cincinnati.

BALTIMORE, Sept. 25.—A railroad scheme is announced here which in extent surpasses any other ever undertaken in the West. Richard Kerns, of St. Louis, Stephen B. Elkins and ex-Senator Davis lately made a tour through the interior counties from the terminus of the West Virginia Central railroad to Charleston.

It is authoritatively announced that their financiers and their companions will extend the West Virginia Central to Charleston, and then connect with the Kanawha and Ohio, running to Corning, O. The two roads would make a new and direct route from Baltimore to Cincinnati, and would, to the rich territory now exclusively controlled by the Chesapeake and Ohio. It is believed the road will be built immediately as engineers are now at work on the route.

Arrested for Theft.

BOSTON, Sept. 25.—Last night Fred P. Orcutt, William C. Russell and William E. Dunham, employees of the Concord reformatory, were arrested, charged with stealing 350 pounds of thread, valued at \$25, from that institution. The thread was found at pawnbroker's. It is said that the investigation of the police have disclosed the fact that in various pawnshops here articles of considerable value belonging to the state are frequently sold by prison officials as rags. In one place 300 new vests were found in a bale of refuse materials; in another one hundred pair of unworn trousers were sold as rags, and in others hundreds of dollars worth of small tailors' goods have been disposed of at low prices. Later in the day another arrest was made in the person of J. W. Flagg, who is a partner of Russell in the grocery business here, and a well to do citizen of Acton. He was held in \$1,000 for a hearing Thursday.

Gas Explosion.

ELMHURST, N. Y., Sept. 25.—The 300 employees of J. Richardson & Co's shoe factory were thrown in a panic by the explosion of gas which had leaked into the basement of the building from a street main. Engineer Pierson and a foreman named Keener were very seriously burned. The explosion shook the entire building and blew out all the glass on the east side. Over one hundred girls escaped by means of the fire escapes or jumped from the windows to the roofs of the adjoining buildings. Aside from minor bruises suffered by a number of the employees no one but the two men named were injured. A fire caused by the explosion did \$500 worth of damage before the flames were extinguished.

Bank Robbers Still at Liberty.

HURLEY, Wis., Sept. 25.—There is no clew to the bank robbers yet. Superintendent Delaney, of the United States Express company, is here with three Pinkerton detectives. All are hard at work but with little success. All employees of the bank have clear alibis, but it still remains a puzzle how the thieves could have obtained the combination and been able to get a false key without the assistance of some one on the inside. It now appears that the whole job was done in less than an hour. The mining companies have sent up more money and the men were paid off yesterday.

Forfeited His Bond.

WHEELING, W. Va., Sept. 25.—In the circuit court when the name of Harry Seybold, the clerk who embezzled \$30,000 from the Bank of Wheeling, was called there was no response. The sheriff was ordered to take all possible steps to re-arrest Seybold, and the prosecuting attorney to proceed against Seybold's father, who is on his bond for only \$4,000. Seybold is said to be in Canada.

A Missing Aeronaut.

UTICA, N. Y., Sept. 25.—It is reported that Prof. Wainath, of Ilion, who made a balloon ascension and parachute jump at Cooperstown yesterday afternoon, came down in Otzgo lake and was drowned. A message from Cooperstown at 9 o'clock states that at that hour nothing had been heard from the aeronaut. It is stated that his parachute did not work right.

Having a Ball Club.

OMAHA, Neb., Sept. 25.—At a secret meeting of the president and directors of the Omaha Base Ball association yesterday it was decided to accept the proposition of Messrs. Solen, Conant and Billings, of Boston, for the sale of the entire Omaha team to that city. The probable result will be that Omaha will have no team next year.

Buried For Four Days

One Man Rescued Alive From the Quebec Wreck.

HE WILL PROBABLY RECOVER

There is Still a Number of Bodies Buried in the Ruins, but No Prospects of Any of Them Being Alive—The Coroner's Inquest Begun.

QUEBEC, Sept. 25.—At 9 o'clock yesterday morning the laborers at work in the ruins caused by the recent landslide heard a slight moan under a head of wreckage, and, digging vigorously, soon reached Joseph Kemp. When extricated, Kemp, who is 72 years of age, was still able to speak, after having been buried 108 hours. Father McJannet administered the sacrament to the apparently dying man, Kemp answering to the prayer.

Stimulents were administered, and Kemp is now entertained that Kemp will recover. Intense excitement prevails, and the full force of city and river police have hard work to keep back the anxious crowd. Shortly after Kemp was taken out the corpse of Mrs. O'Dowd, aged 72 years, was recovered. The body was badly mutilated. Mrs. O'Dowd was rocking a cradle and knitting a stocking when the avalanche of rock came down. She was knocked through a window and killed. When found her hand still held her stocking work. It is expected that more bodies will be found shortly.

The coroner's inquest into the cause of the death of the forty-eight victims who lost their lives in the disaster was opened at 10 o'clock yesterday morning.

In the afternoon the remains of John Henry were found under the ruins. The body was doubled in two and splinters of all sizes were sticking in the flesh. The shoulder was broken in and the lower part of the back was torn open, the kidneys hanging out. The body of Henry's wife was found a few feet away. She had in her hand pieces of broken plates, and a fork. She died while preparing her husband's supper. The work of clearing away the debris is still going on with vigor. There are still from ten to twelve bodies under the ruins.

ANOTHER SUSPECT.

The Police Claim That They Have an Entirely New Clue.

CHICAGO, Sept. 25.—The examination of talesmen in the Cronin case was resumed at 1 p. m. The two men held over from the previous night were excused for cause. Thirty-seven young men were examined during the afternoon. Thirty-three were excused for cause, two challenged peremptorily by the defense and two passed temporarily.

The Times says the police are after a new suspect in the Cronin case. He is Philadelphia, who came to Chicago early in February and left on the day following Dr. Cronin's disappearance. His aliases—for his real name is not given—are William Bergen and William Nolan. He is said to have taken the leading part in the great crime, and was the chosen confidante of one of the arch conspirators. "We are collecting evidence against the man daily," said a prominent Irishman, "and expect to have enough to convict not only Nolan, but the great head of the conspiracy. Nolan is not his name, it is an alias. We know his real name, but for reasons which you will readily understand it is best not to divulge it at present. He is well known in Irish circles and has done much dirty work for certain parties, who, not long ago, were high in the councils of the Clan-na-Gael. We know that money in large amounts was given that man; part of this we have already traced."

A HEARTLESS PREACHER.

He Deserts an Invalid Wife and Five Children and Elopes.

FRANKFORT, Ind., Sept. 25.—The village of Boyleston, six miles east of this city, is all stirred up with excitement, occasioned by the elopement of Rev. Charles Woodruff, the United Brethren pastor, with Mrs. Louisa Cavett, the wife of a well-to-do farmer, and a sister in the church.

Last evening the frail Louise drove to this city, cashed a note of her husband's for \$100, took the money, and, joining her preacher paramour, left on a night train for unknown parts. Woodruff leaves a consumptive wife and five small children in destitute circumstances, and Mrs. Cavett a husband and two children. A reward has been offered for the runaways.

Stabbed Him from Behind.

PERU, Ind., Sept. 25.—Dan Hinkle, a somewhat noted character of this city, stabbed Alexander Worley in the back Monday afternoon with a large-bladed pocket-knife, inflicting a serious and possibly fatal wound. The stabbing occurred in a saloon. It seems the men had been drinking and came to words over some trivial matter, when Hinkle, who was the most boisterous of the two, was ejected. Almost immediately he returned, and, stepping up to Worley, who was sitting with his back toward him, stabbed him viciously. Hinkle turned, and running out the back door, endeavored to escape, but was caught by ex-Deputy Sheriff Frank Butler, and turned over to the officers. He is now in jail. Worley was taken home. The cause of the quarrel is not known.

Released From Prison.

PHILADELPHIA, Sept. 26.—The Philadelphia base ball club has released pitcher Casey and left fielder George Wood.

A VICIOUS BULL DOG

Seriously Wounds a Child and Two Men at Racine, Wisconsin.

RACINE, Wis., Sept. 25.—A bull dog attacked Joseph Hurtzen, aged 9, Monday afternoon and lacerated his throat and body so badly that he will die. B. T. Billings and George Thoms, two citizens who came to the boy's rescue, were in turn attacked by the vicious brute, and one of the secured a hatchet and literally cut the dog to pieces, though it required a policeman's bullet to finally dispatch the animal.

The dog left the men and made a second attempt on the boy during the encounter. Twenty-eight wounds were found on the boy and his left ear was hanging by a shred. The bites received by Billings and Thoms are also serious. The doctors say the dog was not mad.

Investigating the Bond Matter.

NEW ORLEANS, Sept. 25.—The Picayune's Baton Rouge special says: The clerks in both the auditor's and treasurer's office are hard at work investigating the bond matter. Auditor Steele will investigate the bailey bonds thoroughly after he finishes the work now in hand, and will probably make the result as a part of his official report. There are no new developments whatever. In compliance with a request from the New Orleans Stock Exchange, Capt. Steele will forward to that body to-morrow evening an official statement of the correct numbers of good constitutional bonds, and a like statement of bad consolidated bonds.

Will Resume Business.

NEW YORK, Sept. 25.—Lewis Brothers & Company, dry goods commission merchants, who failed sometime ago, offer to pay fifty-seven and one-half cents on the dollar. This is seven and one-half cents more than was expected. All creditors yet heard from have accepted the offer. The Manville Manufacturing company, of Providence, which was involved in the Lewis failure, have also arranged satisfactorily with their creditors, on a basis of fifty cents cash and fifty cents deferred. The Dunsell Manufacturing company, of Providence, have, it is said, also made similar arrangements.

Finally Released From Prison.

PANAMA, Sept. 25.—Mr. P. V. Luster, of Tennessee, was released from imprisonment in this city on Sept. 15, after having been in prison 185 days awaiting trial for having killed a Mexican named Cavallos, in the northern part of the department of Panama. It was shown by the evidence that Cavallos had determined to kill Mr. Luster, and had followed the latter about for that purpose. The evidence was conclusively in favor of the accused, and twenty-six prominent residents declared that Cavallos was known to be a dangerous man.

En Route East.

CHICAGO, Sept. 25.—Justice Stephen W. Field, of California, in protecting whom Deputy United States Marshal shot and killed Judge Terry a few weeks ago, arrived in the city this morning, en route to Washington. He was accompanied by his wife and Miss Chamberlain, of San Francisco. The party arrived on the Milwaukee and St. Paul train from St. Paul and at once took a carriage for the Sherman house. It was reported that Deputy Nagle accompanied the justice, but if so, he did not leave the train.

Testimonial to Harriet Beecher Stowe.

HARTFORD, Conn., Sept. 25.—The opera house was crowded to overflowing yesterday to witness the historical tableaux given in part as a testimonial to Mrs. Harriet Beecher Stowe. The tableaux illustrates National events from Columbus to date, and are designed especially to show the progress of woman. The author and manager is Miss Cora Scott Pond, of Boston. Mrs. Livermore is lecturer. Mrs. Isabelle Beecher Hooker personates Mrs. Stowe.

Extensive Forest Fires.

SAN FRANCISCO, Sept. 25.—Extensive fires are raging in the Redwood forests, San Mateo county, south of this city. A number of saw mills are in danger. The flames are spreading, despite the efforts of large numbers of men to check them, and have already done great damage. A forest fire is also in progress near Santa Rosa, north of here. The country is very dry, and a disastrous conflagration is feared.

Finally Closed Up.

BUFFALO, N. Y., Sept. 25.—In accordance with the recommendations of the referee's report in the case of the Leader Lubricating company, Judge Hatch has granted an order dissolving the company and appointing a receiver. The capital stock of \$250,000 had not been paid in full and little business had been done since organization. The places of business of the company were Buffalo and Boston.

Only a Trial Trip.

NEWPORT, R. I., Sept. 25.—The United States cruiser Atlanta went out yesterday for maneuvers and turning trials and tested tactical diameter. The high speed trial yesterday was not satisfactory, but it will not be repeated. The examining board has now finished with her.

Killed His Nephew.

MOOREHEAD, Minn., Sept. 25.—F. J. Schreiber was last night shot twice and killed by his nephew, John F. Schreiber, who is believed to be insane. It is believed they quarreled over money matters. The murderer was captured just as he was crossing to Fargo.

Quartermaster No More.

TRENTON, N. J., Sept. 25.—Quartermaster General Lewis Perrine, of the staff of Governor Green, of New Jersey, died at his residence here at 11 o'clock yesterday.
